

Top Care CP 950 ASF

Liquid spray wax for conservation and shiny finish care. Insensitive to water hardness, it generates a stable high-lustre film, allows water to be removed from large surfaces and dries without leaving streaks or spots.

NTA-free

Properties

- Effective shine dryer for use in self-service washing installations and with high-pressure cleaners
- Produces a high-gloss mirror finish
- Spotless drying of the surface in combination with osmosis water
- Effectively protects for up to 1 month
- Can be used with all water qualities
- Effective with all water hardness levels
- VDA-compliant
- Tensides biodegradable in accordance with OECD
- NTA free

Application areas:

Self-service washing stations: Cars, commercial vehicles, bicycles

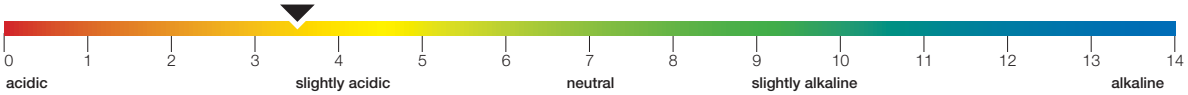

Usage options

- High-pressure cleaners
- Self-service washing stations

Container sizes	Part number
20 l	6.295-523.0
200 l	6.295-524.0

pH

3.5
in concentrate

Application:

Self Service washing system

- Clean object beforehand and carefully rinse with clear water.
- Apply primary mixture with demineralised water (osmosis water).
- Adjust dosage on the device.
- Wet object completely with product.

High-pressure cleaners

- Apply primary mixture with fresh water.
- Set the dosage and temperature on the device
- Wet object completely with product.

Instructions for use:

- Store away from frost.
- Avoid over-dosage.
- Use only on washed, well rinsed surfaces.
- Apply primary mixture only with demineralised water.

Further information:

- VDA certification
- Material Safety Data Sheet (MSDS)

Dosage and yield:

Contents:	Cleaning method:	Primary mixture:	Dosage:	Contamination:	Yield:
1000 ml	Self-service washing stations		0.02-0.05 %		1250 PKW
1000 ml	High-pressure cleaners		0.02-0.05 %		1250 PKW
